Well, that shouldn't be too difficult.

Just in case, I reworded the public hearing information on page 10, attached. See what you think.

Hi Tom,

Thanks for the information. (b) (5) - Deliberative process privilege

We'll keep you posted.

Reid

Subject: An item for the Subpart W rule

Reid,
Mike was asking about subpart W and ROCIS and whether Subpart W was ready. I vaguely remembered Jon telling me something right before I left for vacation but I can't remember what. However, Lee and I looked at the preamble and saw the language below related to the public hearing and it would need to be addressed before

it gets uploaded. I think this may be what Jon was referring to that Friday (12/20) [though Caryn did say something about mgmt in her email]. Regardless we need to add the correct language.

The current plan is to tell OP to load it on Monday so we can look over it to see if there is anything else. However, Jon will have some say in that date so it could slip.

Tom
